Fair Notice: Student Threat Assessment Protocol

The Board of Education is responsible for establishing expectations of student conduct in schools as part of its governance role for the district. The Board believes that the responsibility for creating a safe, caring, and orderly learning environment must be shared by students, staff and parents/guardians. To support these aims, the Board has established both a District Code of Conduct for students and a Threat Assessment Protocol for all schools.

The Abbotsford School District is dedicated to creating and maintaining school environments where all students, parents/guardians, staff, and visitors are safe. In keeping with this commitment, we have established district protocols, in partnership with the Abbotsford Police, for dealing with threats to members of the school community and/or school facilities. A threat is an expression of intent to do harm or act out violently and may be verbal, gestural, written, drawn, or posted online. We take all threatening comments and behaviours seriously.

Often, when we hear in the media about a violent incident, we learn that the threat-maker had made threats in advance of acting violently. To keep our school communities safe, students, staff, parents/guardians, and community members have a duty to report all threatening comments and behaviours.

When knowledge of a threat comes to light, the school's threat assessment team will investigate and appropriately enact the District's Assessment of Risk to Others (ARTO). The purpose of the threat assessment is to:

- Ensure the safety of students, staff, parents/guardians, and others;
- Ensure a full understanding of the context of the threat;
- Understand the factors contributing to the threat maker's behaviour;
- Be proactive in developing an intervention plan that addresses the emotional and physical safety of the threat maker and others.

Once the threat assessment process has been initiated, information will be collected from various sources, and interviews may be held with the student(s), the threat-maker, parents/guardians, and staff to determine the level of risk and develop an appropriate response. As part of this process, school administrators may act in accordance with the Abbotsford School District Search and Seizure policy where there are reasonable grounds to believe that doing so is necessary to ensure safety. Intervention plans will be developed and shared as required. The Abbotsford School District is subject to personal information privacy laws and will collect this information in compliance with those requirements. Should you, as a parent/guardian, be invited to attend a meeting to discuss safety concerns regarding your child, please be assured that the primary goal of this meeting is to ensure safety.

With your assistance, we will ensure that our schools are safe as we create the most inclusive learning environments for all students in our district.

Sincerely,

Dr. Nathan Ngieng
Superintendent of Schools
